- > The opportunity to participate in activities appropriate to their interests and needs despite the presence of a degree of risk.
- > Encouragement to retain their dignified independence for as long as possible.
- > The best possible care and treatment (where necessary) in the least restrictive environment using all available resources.
- > The right to personal privacy.
- > Acknowledgment of and respect for their cultural and religious beliefs.
- > Encouragement to continue or begin participation in community activities.
- > The right to comment or complain about conditions in the Hostel.
- > The security gained from the knowledge that this is their home for the rest of their lives if they so wish.

General Information

Accommodation Fees

The Commonwealth Department of Health determines fees.

Details of fees may be obtained from the Aged Care Administration Officer.

The pharmaceutical allowance is not included in this calculation. This is to make sure that the extra money given to pensioners to pay for medicines is still available for medicines.

Admission

It is desirable that prospective Residents and their family representatives visit Trescowthick Hostel prior to admission. This provides an opportunity to view the Hostel, meet the staff and discuss with the Director of Nursing any concerns and queries regarding care.

It is a requirement that an Aged Care Assessment Service (A.C.A.S) assess the prospective Resident. The prospective Resident, the family or friend can request this assessment to be done by contacting My Aged Care.

Admission is on a needs basis determined after consultation with the prospective Resident, their family or friends, their General Practitioner, the Director of Clinical Services and the Director of Nursing.

Alcohol

Alcohol may be consumed although it is expected that Residents do so in a responsible manner.

Assistance to Obtain Access to Health Practitioners & Specialists

The staff will assist in organising appropriate appointments and transport if required.

It is the Service's responsibility to ensure that a Resident is able to keep appointments even if this means a staff member must accompany the Resident to an appointment.

If a staff member is required the Service may charge the Resident for the staff time.

Clothing & Laundry

Personal clothing will be laundered in the Hostel. Residents or families are requested to ensure proper discreet labeling of personal clothing to enable staff to return appropriate clothing and prevent loss. Regular checking of appropriate labeling of items would be appreciated. All delicates and dry cleanable items are the responsibility of relatives to launder.

Meals

On admission to the Hostel a comprehensive history is taken of each Resident including their likes, dislikes and any special dietary requirements.

All meals are flexible and Residents may have them in their rooms or the dining room.

Medical & Nursing Care

The Director of Nursing is responsible for seeing all orders of Medical Officers and Specialist Doctors are carried out. If for any reason a Resident or relative feels there is a need for a doctor to visit that has not been met, they should communicate with the Director of Nursing so appropriate arrangements can be made.

The staff at Trescowthick Hostel acknowledges the rights of Residents to have proper health care and the choice of his or her own General Practitioner, and a second opinion if they so wish.

An individual Nursing Care plan will be developed for each Resident in consultation with the resident and/or family. This Care Plan will be reviewed periodically to enable changing care needs to be met.

Newspaper & Magazines

If a personal daily newspaper or other magazines are required this may be arranged. Accounts for these will be billed monthly to Residents.

Personal Belongings/ Valuables

Residents are encouraged to bring their personal belongings and mementos for their rooms as is practicable, in keeping with our philosophy of respect for individuality.

Each resident has a locked 'Valuables' drawer to ensure complete security. Small amounts of monies may be kept in the locked cupboard and the Director of Nursing or delegate keeps a record of deposit and withdrawals.

The staff takes care of all the personal belongings and equipment of Residents, however the Hostel takes no responsibility for any breakage, loss or damage incurred.
